

To whom I may concern,

For two years in a row, Callan demonstrated exceptional dedication and leadership in organizing all tech for the TGA Fashion Show.

He ensured that all necessary tech equipment was available and meticulously managed the logistics to guarantee smooth operations. Callan took responsibility for recruiting other pupils to join the tech team, generating enthusiasm and excitement around the event which was instrumental in creating a collaborative and dynamic environment. Moreover, Callan took responsibility for coordinating his tech team, making sure they are available and prepared for rehearsals.

Callan's organizational skills, leadership qualities, and passion for this Art and Design project ensured the success of two fashion shows, giving an invaluable opportunity for our pupils to showcase their creative talents.

Yours kindly,  
Heather Phillips  
Art & Design Teacher
